

**Hodgdon**

**Mill Pond School**

Hello,

My name is Noel Bell. I am a mental health therapist who has been hired to work at the Mill Pond School with students in PreK-6th grade. I will be in the school on Tuesdays, Thursdays, and Fridays. I will be available to provide mental health assessment and therapy services in the school. I can provide therapy for a range of issues including anxiety, depression, trauma, grief and loss, behavior/relationship issues, etc.... It is my preference to work with parents as much as possible to strengthen the link between home and school. If your child is already receiving mental health services through another provider in the community, this service in the school is not intended to replace those services and may be seen as an additional support in the school environment. I am excited to be part of the team at Mill Pond School and look forward to working with the children. On the back is a list of possible reasons a person might refer their child for therapy service. If you feel that your child might benefit from seeing me, please call me at 532-9228 ext. 1205.

Sincerely,

Noel Bell
